SILOAM SPRINGS CEMETERY 1

Index 104

The Northwest Arkansas Genealogical Society, whose goal is to gather, preserve, and perpetuate records of our pioneer ancestors, presents our eighth volume of Benton County cemetery records. This volume is the City of Siloam Springs only.

The N.A.G.S. takes no responsibility for the authenticity of the following pages. We strived for accuracy, but some of the stones are very dim and there is always a chance for error, both in copying and in transcribing.

This cemetery was read by Gail Scott and Verba Jo Pearce. They and the Club wish to thank Mr. Clyde Pennington, Sexton, for supplying them with a scaled, detailed map. A facsimile is included in this book. In addition, he gave assistance with explanations and records, which made their task much easier.

The growth of the cemetery can be traced by following the blocks in numerical order. Persons interred in Mausoleum have been removed to Block #19. No burials in 9, and 34 through 38. There are no numbers 20, 21, or 22. 9 lots in N.W. section of Block 32 is Catholic Cemetery. Dotted lines in Blocks 29 and 30 indicate a lane has been closed for grave sites.

Stones moved from Hico Cemetery to Oak Hill in 1972; removed from Oak Hill to the Hico Memorial Site in 1976. See Volume VI.

A small c after a date means it was from cemetery records. Burial dates only on the Siloam Springs records.

To all our volunteers - THANKS.

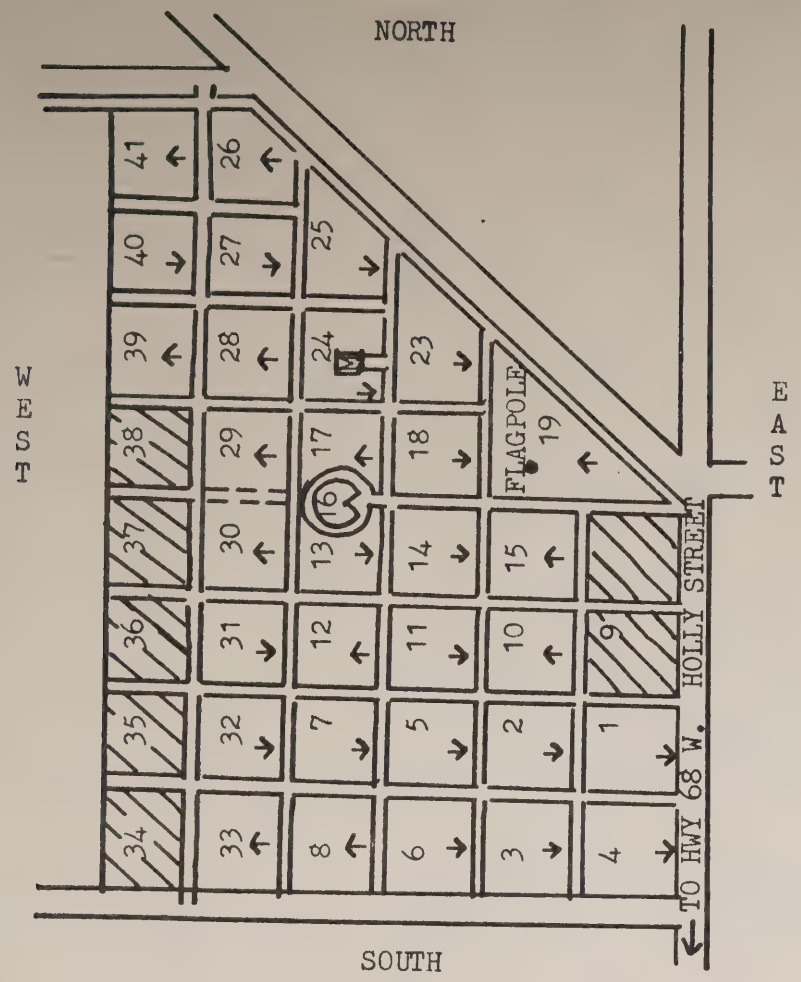
SILOAM SPRINGS CEMETERY

Located in NW section of city on Holly Street.
Copied by Gail Scott and Verba Jo Pearce in February 1977.



The cemetery is divided into numbered BLOCKS with arrows indicating the direction each BLOCK was read. The dotted lines on BLOCKS 29 and 30 indicate a lane has been closed for grave sites. Interrals in the Mausoleum have been re-located in BLOCK 19. Tombstones may be located by using the INDEX for the name and page number; noting the SECTION, then referring to the SECTION number on the map. More than one of the same surnames may appear on the same page. There are a number of rocks, sandstones, and broken illegible stones to indicate graves. Some graves are unmarked. Slanted lines indicate VACANT. The growth of the cemetery can be traced by following the blocks in numerical order. There are NO numbers 20,21, or 22. 9 lots in N.W. section of Block 32 is Catholic Cemetery.
